

# Humm'V 868 Applicator with Battery-Powered Pump

## Floor Applicator

The Humm'V 868 Applicator glides across the floor as it applies water-based and solvent-based solutions, restorers, disinfectants, densifiers, guards, and finishes.

Available with 3 aluminum applicator head sizes - 28", 36" and 48" wide - delivering solutions to the floor at up to 27,500 square feet per hour. The patented, variable-flow control pump can reduce chemical usage by up to 33%.

No spills, no drips, no baseboard splashes. Even novice users can perform like a pro.

- 12 V battery-powered 60 psi solution pump delivers solutions to the floor through a 28", 36" or 48" aluminum distribution systems.
- Patented variable flow control dial and a master on/off switch are at your finger tips
- Use in poor lighting, 2-built in LED lights installed
- 8" wheels with a magnetic sensor activates the pump as you pull the applicator across the floor
- Use a lambs wool applicator pad with added 3" synthetic yarn pad to have error free finishes
- Use a microfiber applicator pad for ultra thin coat finishes
- Pads easily mount to the applicator bar with harpoon hooks
- The corrosion-resistant, powder coated frame is 21" wide x 33.5" deep and holds up to (2) 5 gallon buckets
- A pin-locked handle fits the user's height, adjusting from 32" to 40" high
- Easy to rinse and clean. Head assembly and pad disconnects for convenient storage.

## Specifications

Specifications			
Model	HMMV-28	HMMV-36	HMMV-48
Part Number	F-HUMMV-28	F-HUMMV-36	F-HUMMV-48
Aluminum Head Size	28"	36"	48"
Applicaon per Hour	15,000 sq.ft.	20,000 sq.ft.	27,500 sq.ft.
Pump / Motor	60 PSI		
Frame Construcon	Corrosion-resistant, Powder Coated Steel Frame		
Frame Dimension	21.2" x 21" x 33.5"		
Adjustable Handle	32" to 40" High		
Pad with Twisted Synthec Y arns			
(1) Microfiber Pad	#HVMVP28	#HVMVP36	#HVMVP48
(1) Lambs Wool	#HVLWP28	#HVLWP36	#HVLWP48
Warranty	1 Year Pump and Motor - 3 Years Steel Frame
